thanks

Thank you. Arrived as described.

not the greatest

I don't, on principle, rate Kindle book purchases and text books

Came on time and as expected.

did not like this version

It has helped my son get more practice. His school only offers online books which doesn't provide extra problems. Worth buying

Okay for a secondary teaching tool. You need more than this if you are home-schooling though. If it's just an additional text then it'll do for that.
