The Night Before Kindergarten

Synopsis

'Twas the night before kindergarten, and as they prepared, kids were excited, and a little bit scared. It's the first day of school! Join the kids as they prepare for kindergarten, packing school supplies, posing for pictures, and the hardest part of all--saying goodbye to Mom and Dad. But maybe it won't be so hard once they discover just how much fun kindergarten really is! Colorful illustrations illuminate this uplifting takeoff on the classic Christmas poem.

I couldn't wait to go to Kindergarten. The new yellow pencils, freshly sharpened. New clothes. A cute haircut. And all those new kids to meet!

Such a great book. It relieved a lot of anxiety that my daughter had about kindergarten and she didn't feel so alone in being nervous. I purchased the book about preschool last year and that helped as well. I'll write a little message to her in the book and put it in her hope chest for when she's older, after she starts school.

I bought this book for my niece who just finished preschool. I cannot wait to give this to her the night before she goes for her to read! I think this is such a fun idea to do for the kiddos. I will definitely be getting more books like this!

Nice and cute story.I want to give it to my friend she is a kindergarten teacher.

This is such a sweet book - should be a tradition for all families.

Great read before sending a child off to kindergarten. I love the rhyme and the cute pictures. Very positive outlook to school.

Got this as a gift for my niece that will be starting K next school year, she loves it.

grandson really liked it
