Mastering Skills For The TOEFL iBT, 2nd Edition Advanced Combined Book & MP3 CD

Synopsis

Mastering Skills for the TOEFL iBT is part of a three-level test-preparation series designed to prepare learners of English for the TOEFL iBT. In this third level of the series, advanced learners will be able to familiarize themselves with question types found on the TOEFL iBT while covering a variety of disciplines. In addition, learners can practice their skills in all four test areas: reading, listening, speaking, and writing. Each book provides comprehensive coverage of the designated skill and offers learners extensive practice. Key Features (1) Examples of and tips for various question types found on the TOEFL iBT (2) Focused practice of each question type (3) Guided note-taking activities (4) Annotated listening passages to support vocabulary development (5) Graded practice to support systematic development of test skills (6) Authentic practice test modeled after the TOEFL iBT format (7) Full answer key and transcripts for all listening exercises and integrated tasks (8) Audio recordings including over 70 reading passages, more than 130 sample conversations and lectures, as well as over 30 sample responses for speaking tasks available separately (9) Split editions (Reading, Listening, Speaking, and Writing) available (10) Free online sample test at compasspub.com/toeflibt

I have used this series for a while, and it is not my first Compass book. But, the CD that comes with this book has crashed my computer twice and I have spent 6 hours total, restarting and trying to sort out the computer issues caused by the CD. There is clearly a problem with the CD and I would like it to be replaced, but there is no recourse on since I bought it over 3 months ago. Do not buy the CD

and use it in your computer, it's too risky.

I bought that book to prepare for my TOEFL test. I took some intensive english classes in the USA, and we used some books from Compass Edition that I enjoyed... I thought it would be a good idea to buy a TOEFL preparation book from Compass to improve my skills for the test. This book DOESN'T explain or show you how to proceed to find the right answer. You have the questions and the answer keys at the end (Doesn't explain why that answer is true and the others are false). The CD that's included is an audio CD. There is no software that comes along or even can be downloadable from the Compass website so you can take a practice test on your computer. Another weak point is the independent writing (INCOMPLETE!!) It focuses only on the integrated one. I've liked the method for that one though... Very easy and helpful to write the integrated essay. Finally, this book is helpful for people who want to practice a lot (contains bunch of paragraphs and audio tracks).

The package arrived on time. It was carefully wrapped. The CD contains not only the listening exercises, but also the reading passages.

Great TOEFL book

Brand New... i need it so much... since I'm getting toefl classes, I wait for the book, thank you so much

Did book accompanied by CD?

Very good book to practise for the TOEFL

I want to buy this book from because I rely on it a lot.
