Istanbul is absolutely beautiful city and I always recommend everyone to go and visit it. This travel guide was helpful to me in my travel, although it is a bit short. However, it contains all the basic

information, places to see, restaurants and various tips that can be very helpful in this city. I wish that it is more detailed, some things that I saw in other travel guides are not in this one, but nothing truly essential is missing. Get it and enjoy your trip!

Istanbul is one of the amazing places around the world. I was looking for a pocket travel guide that gives me all the essential details about Istanbul. This book certainly served the purpose. It talks about the regional attractions, best places to visit, best means of transport, climatic conditions and much more...

Istanbul has always been a destination I wanted to go since I was quite young. This book gives everything you need to know on Istanbul as what to take with you, famous places, shopping, eating, and much much more. So now i'm ready to plan my trip to Istanbul. I really recommend this book to everyone looking for information on Istanbul.

The book is nicely done. I have never been in Turkey. I also don't hear so much about the place, so this book is a good start. It is comprehensive and detailed in fashion. It is also written in a journal style which is very useful.
