Customer Reviews

great travel guide

A personal must have for scouting out a country/city before travel. Sure internet information is more timely but I like the feel of a book in my hand and the reminder of trips past looking at the spines of the book on my travel shelf.

I love to use Lonely Planet travel related books since 1986. They have never let me down.

Nice

Helpful overall, but some of the restaurants and bars didn't really live up to their description. Discovered better places and recommendations on my own.

Just a horrible guide -- worst Lonely Planet guide ever --For example they highly recommend a clothing store that had nothing but junky clothes and nothing remotely stylish in the Marais area -- they have outdated and in some cases flat out wrong info --

Lots of info!
