## Customer Reviews

What do board books and classic novels have in common? A new series of books from BabyLit! BabyLit board books from Gibbs Smith brings classic writers like Lewis Carroll, Charlotte Bronte, Jane Austen, and William Shakespeare to toddlers by creating oversized board books with bright

colors and easy to understand words. Written by Jennifer Adams and illustrated by Alison Oliver, the BabyLit series brings literature alive for little ones. Some are counting primers, while others like Little Master Carroll: Alice In Wonderland simply share important words that sum up the story. Board books are a wonderful way to engage your child's interest while traveling; they keep small hands busy and give tiny mouths something to chew on. BabyLit board books are a must for every travel savvy parent's carry-on luggage. (Tina Buell Trekaroo.com 2012-04-24)

Baby lit books are our all time favorite books! They are small books, but that does not underestimate the goodness inside. We have ordered just about all of the baby lit books and love to swap them out during seasons and holidays. I also love that they have different primers and different types of learning for your little one. These books are great gift ideas, there are a lot of genres to choose from. The artwork and colors are bright and vivid, very pleasant to look at. The mommy and the teacher in me loves and approves these books!

The book itself is very cute, I love it! However, the "new" copies I ordered did not appear to be new at all. There were scuff marks and dents on the front and back covers. I know something is up because I ordered a few of the Midsummer Nights Dream book from the same collection, and those all arrived in great condition. Very disappointed as I'm giving these as a gift to my preschoolers.

Very easy to convey the story.

We bought 5 Babylit classics and Romeo and Juliet is my son's favorite. He eagerly anticipates the last page where I give him "10 kisses" really fast and sometimes likes skipping to it. The pictures are colorful and he likes touching these more than his touch and feel books.

My 2 year old loves the colors in this book. The "story" is ok, some of the items counted don't make sense and/or aren't exactly how the play goes. My main complaint, as the parent of girls, is that Juliet is drawn with her eyes closed. It bothers me that my daughter thinks the female character is "night night" for the entire book.

Amazing illustrations, and creative way of including aspects from 'Romeo & Juliet' into tangible baby education. This is \*not\* a baby-abbreviated version of the original story. I highly recommend - just don't order thinking it will be the real 'Romeo & Juliet' baby style ;)

Tired of giving the same old boring baby shower gifts? Then look no further than these BabyLit books by Jennifer Adams. They feature titles that the child will have to read someday but use the stories to teach things like counting, opposites, and colors to children. They are beautiful board books that will enrich the minds of children while delighting their parents at the same time.

Great baby shower gift! She is now a toddler and loved these books. Plus they are very durable to a not so light touch of a two year old.
