Could A Penguin Ride A Bike?: Hilarious Scenes Bring Penguin Facts To Life (What If A)

Synopsis

Could a Penguin Ride a Bike? provides a fun introduction into the life of a penguin. By imagining animals in everyday scenarios readers can learn about their size, diet and other features. For example, what if a baby penguin came for dinner? Make sure he doesn't eat everything! Chicks eat, and eat, and eat. An adult penguin eats about 50 fish a day, but a chick needs to eat about 200! That's because chicks grow a thick layer of fat to keep them warm in the icy winter. The engaging question and answer format will keep young readers entertained and help them to understand and retain animal facts.

Camilla de la Bedoyere studied Zoology at Bristol University. She has written more than 250 books for children and is a popular QEB author. Her books cover a wide range of subjects, from science

and natural history to geography. She lives in London, United Kingdom. Aleksei Bitskoff always loved to draw as a child, covering his school books in doodles. He studied language and literature, then moved to London to study English. His love of drawing brought him back to study illustration at the London College of Communications, then onto Camberwell for his Masters, graduating in 2010. Clients he has worked with include QEB, Templar Publishing and Andersen Press.

This book is an easy read for struggling readers. My son struggles to read but has loved reading this book! He loves the pictures and I have found him giggling as he's reading! He has come up to me and randomly given me penguin information. The vivid pictures have made the story stick. He is 8.

A couple of weeks ago my son wrote a simple home journal "what if I have a penguin as a pet". This book is a perfect read after that. It talks about scientific facts in a very kids friendly way. My kid cannot wait to read the next "could a xxx" book.
