Claire Shaeffer is an internationally respected author, lecturer, college instructor and columnist. Her innovative sewing techniques and easy-to-read instructions have guided readers and students through many sewing facets of the garment industry. She wrote the celebrated Couture Sewing Techniques for Taunton Press and has authored and starred in a multitude of successful videos on couture sewing.Â

I have collected all of Claire Shaeffer's books and read them cover to cover like they were novels. When I want to use couture techniques on a special garment I'm making I turn to Claire Shaeffer. She writes clearly and has beautiful photos to show what she is describing ...and needless to say the dvd is wonderful as well. This book is about making a couture skirt so don't expect direction on a cardigan or pants. I consider this to be a "must have" in any sewists library.

I WAS SUPRISED THAT THIS BOOK PROVIDES SO MUCH MORE TO LEARN ABOUT SEWING USING COUTURE TECHNIQUES. I WAS NOT GOING TO BUY THIS BOOK BECAUSE THE COVER DIDN'T APPEAR TO SHOW ANYTHING NEW THAT I DIDN'T ALREADY KNOW. I WAS PLEASANTLY SUPRISED WITH ALL OF THE NEW SEWING TECHNIQUES I'VE LEARNED ABOUT AND THAT I AM ABLE TO APPLY IN THE FUTURE. I AM VERY SATISFIED WITH THE PURCHASE OF THIS BOOK ESPECIALLY WITH THE SALES PRICE AT THE TIME OF PURCHASE.

The construction of these skirts is a work of art. When I think of the way I was taught to put a skirt together and how they look inside out, oh my. Not even close.

The techniques seem simple enough. I just bought some boucle fabric to try making one of the wrap skirts. The video was very informative and I liked the multimedia idea of this collection.

Claire Shaeffer is terrific. I have several of her books and think this may be her BEST one! I have learned so much from it and I'm sure I will refer back to it many times for future projects.

Great information to take your sewing to the next level. Just use one of the suggestions each time you make a garment!

Nice book for creating skirts that don't scream home made.

The book is beautiful. I always buy Claire Schaefer's books because they are a wealth of information, instruction, and dreams.
