Matt Groening, the creator and executive producer of the Emmy® Award-winning series The

Simpsons, as well as creator of the cartoon strip "Life in Hell" and the animated FOX television series *Futurama*, is the man responsible for bringing animation back to primetime and creating an immortal nuclear family. In addition, Groening formed Bongo Comics Group in 1993 and currently serves as publisher of *The Simpsons Library of Wisdom*, *Simpsons Episode Guides*, *Simpsons Comics*, *Bart Simpson Comics*, *Radioactive Man Comics*, *Simpsons Comics Treasure Trove*, the annual *Bart Simpson's Treehouse of Horror*, *Futurama Comics* and more than 36 comic compilations, as well as many instant classics including *Bart Simpson's Guide to Life*, *The Simpsons Handbook* and *The Simpsons Uncensored Family Album*.

On the very big positive side of the book, we get a big guide of the *Simpsons* episodes, characters and a lot of other things here and there. We get boatloads of quotes, funny images and hilarious sidenotes. Plus, we even have descriptions on the couch gags and Itchy and Scratchy. The negative view is the book is missing seasons 21-26, so it is outdated and the book does`nt cover the *Simpsons* games and movie, giving us an empty feeling as we read through the book. But still, you will get a big kick out of reading this book if you are a huge *Simpsons* fan.

Pricy for a book was my initial though but it's of very high quality with every page being in color. Great collector item.

Just what I was looking for. Amazing episode guide for many of the *Simpsons* episodes, it breaks down the episodes in so many ways and gives great information on stuff you may have missed. My copy arrived in great condition.

Simpsons lover dreams...if you don't have internet.

An absolute must for the serious *Simpsons* fan. Takes off from the earlier episode guides with two full color pages for each episode. Lots of fun facts and trivia. Basically just a total blast to look through. I bought it for myself, but if someone had purchased it for me, I would love them forever. A great gift for the true fan. If you know someone who can't get through a conversation without at least one *Simpsons* reference, this is the ultimate gift for them. May seem a bit pricy, but at 8.8 lbs., it is worth every penny. Chock full of every song lyric, blackboard saying and "mmmmmm" moment in addition to the episode guides (seasons 1-20 only) and guest star appearance. In fact there is so much stuff here, I can't even remember it all. Buy it. Buy me *Simpsons World* (I mean bonestorm)

or go to hell! see? I can't even write a review without a Simpsons quote.

Like the title says, this is the ultimate Simpsons episode guide for the ultimate Simpsons fan. There are at least two pages dedicated to every episode (and four for every "Treehouse of Horror"), which allow for more pictures and more quotes. A great companion book to read while watching the classics on DVD or in syndication.

Having been a Simpsons fan since its inception, this book is an amazing collections of great memories. Favorites and some I'd forgotten. had it for the best price and it arrived pretty fast. I thought the box was cloth too but it's just the book. I may have to order another one as a collectable because I want to read it! Great great book. The next 20 seasons better just be a new book on its own not another book starting from season 1.

This massive volume adds much more info to the original Simpsons books. I will enjoy reading this for the next few years...I only wish they had broken it up into two volumes. I'm sure the binding will not last on this huge book. Alas.
