Best Sellers Rank: #3,715,530 in Books (See Top 100 in Books) #55 in [Books > Science Fiction & Fantasy > Gaming > Other Role-Playing Games > Star Wars](#)

Customer Reviews

This is the second in a series of three Clone Wars Map Pack for the Star Wars Miniatures game. This map pack comes with one double sided maps -- two BRAND NEW maps total, plus two figures -- including one EXCLUSIVE figure. Here are the two key reasons I decided to give this item five out of five stars. First, you get two figures with the map pack: Asajj Ventress, Separatist Assassin (see stats below) and a Clone Trooper. And, while the Clone Trooper is a reprint, the Asajj Ventress figure is exclusive to this map pack and is therefore unavailable anywhere else. Further, the Asajj Ventress figure is excellent for the points (i.e., she has great stats, Special Abilities, and Force Powers -- a detailed description of each SA and FP is available in the Star Wars Minis Rule Book Glossary, or on the Wizards of the Coast web page):

Asajj Ventress, Separatist Assassin -- Separatist -- 43 points
110 HP
20 Defense
12 Attack
20 Damage
SAs: Unique, Melee Attack, Double Attack, Loner, Rolling Cleave, Stealth and Twin Attack
FPs: Force 3, Sith Rage
Second, and perhaps more importantly, this set includes a nice new double sided map -- two new maps total ("Teth Monetary" on one side and "Rattatak Arena" on the other side - if you look under the .com image, you'll see I've also uploaded an image of each map FYI). To me, these two new maps alone are worth the entire price of the map pack (i.e., since the map you pick and play on can influence the game as much as the figures you chose to play with). And, unlike the last set of map packs, both of these maps are fairly well balanced overall, and both melee and shooting squads should be able to play good games on both maps. As with all the map packs, the main down side is that if you are new to the game and just want to give it a try, then these new map packs are NOT the way to go.

Instead, new players who want to try the game out should buy the Clone Wars Starter Set instead. As I wrote in my review of the starter set, it is very reasonably priced, includes six figures -- including two exclusive figures, two exclusive maps, and everything else you need to play. In sum, I think this item is very reasonably priced, and I think most casual and experienced players will definitely want to purchase this map pack for the excellent exclusive figure and the two great new maps.
