“A gorgeous coloring book with more than 120 illustrations to complete | This is a fun and entertaining book”
—Night Owl Reviews, www.nightowlreviews.com

If you are a fan of detailed coloring books, then this one is for you. Personally this is my favorite type of coloring book because I find it challenging and it keeps me completely absorbed in the coloring process. Just to warn you the designs are on both sides of the pages so using colored pencils rather than markers is the way to go. This is a great coloring book and I plan to purchase more coloring books in this series.

Excellent designs. I hate getting a book that show good pics to get you to buy and it's really beginner stuff, not the case here. Love the designs.

i have spent almost a month working on this book....every level of coloring is here.....beautiful!!

What a WONDERFUL BOOK Soo many gorgeous pages to color! My daughter is gonna LOVE this! It came boxed like any book so arrived safe and sound in excellent condition!

Some of the designs have such tiny shapes which makes it a challenge to color, even with sharpened pencils.

Like I posted before I highly recommend JUST ADD COLOR coloring books! :)

Love this book great book to de stress.
