No Hitting!: A Lift-the-Flap Book (Karen Katz Lift-the-Flap Books)

Synopsis

With the help of this book, toddlers will love learning to say NO to hitting?and screaming and squeezing and yelling?and YES to fun! Refreshingly honest and all too true, this funny book is perfect for toddlers, and parents will find it a painless way to steer their little ones toward, shall we say, more acceptable behavior!

Customer Reviews

Karen Katz lives in New York, New York.

This book is a gentle approach to redirecting busy hands that are still leading self control.

This was a great purchase! We love Karen Katz. It took a while before our baby was old enough to begin to comprehend the anger/emotional management ideas suggested by the book, but setting the foundation early has helped a lot. The sentences are simple and direct. That gives us the opportunity to turn each page into a talking point. My mom is an elementary counselor and Katz is an author she highly recommends for guiding little ones.

I bought this for my daughter and her newly formed aggression towards her baby brother. She was pretty receptive to this book (don't expect magical results, though), and she loves Karen Katz's books in general. Great to help model desired behaviors in toddlers.

My daughter (2 yrs.) does show some interest in this book (she likes the lift the flap), but it does not help with ending hitting behavior. It actually gave ideas for bad behavior that we have not seen from her like sticking out your tongue when angry and squeezing the cat. The book gives children ideas for alternatives to hitting, but doesn't actually teach that hitting is bad. And it does not help to teach "use your words and work it out". We have other Katz books and love them, but not this one. We also have "Hands are not for Hitting" By: Martine Agassi and "The Nice Book" By: David Ezra Stein. We found these books helpful and she loves reading them.

This is a terrible book, we won't be reading it to our son. Whilst I understand what the author was trying to do here, I don't think it's helpful to be reading your child lines such as - "I'm mad! I want to squeeze the cat". Why on Earth would you put ideas in kids' minds like this? I bet an awful lot of cats got squeezed after well-meaning parents bought their little ones this book.

Excelente

Very disappointed.... I didn't like the language and was hoping for something more constructive. Returned it. Quality was fine.

We needed a book about not hitting for our 3 year old. This book has exactly one page about hitting--and it recommends to the tots that banging on pots and pans is a better alternative--um--no!! First, Kids may not always have access to pots and pans, but they can always hit. Second, the rest of the book was not really useful for our purposes. We returned it immediately. That said, it's lovely, and the flip up pages are sturdy.
