Synopsis

This volume contains 800 main entries, with a group of two to five synonyms for each entry. An example sentence for each synonym shows how the word is distinct from the others in the group. Illustrations are used to further demonstrate subtle differences between related words. Perfect edition for our classroom!

This is an older thesaurus that I plan to use with my fourth graders. The print is larger and the words will be easier to present. The price was right to purchase 10 books.
