Birching His Bride (Domestic Discipline Series Book 1)

Synopsis

Edwin Villiers, Lord Hyde and only child of the Earl of Clarendon, didn't realize that women were sometimes disciplined with the birch until the day he was invited by his friend Hugh Stanley, Viscount Petersham and son of the Earl of Harrington, to witness the disciplining of Hugh's sister Eleanor. While he'd known Eleanor as a young girl she had grown up to a beautiful but spoiled young woman who, even at the age of 18, wasn't quite ready to make her debut. After being overly indulged by her mother for years, her father Lord Harrington has realized that he must take her in hand or risk her ruining the family's reputation with her willful ways once she's out in Society. While watching the young lady receive a bare bottom birching Edwin finds himself having a reaction he'd never expected - a shocking arousal that awakens a new array of sensual desires in him. When Eleanor appears in Society a year later, having learned to pretend to the demure manners her father demands, Edwin starts to think about leaving his bachelor days behind and securing Eleanor as his wife. He knows that a sweet and generous person lurks beneath the spoiled manner she's adopted in recent years, and he's not at all adverse to administering the necessary punishments to bring back the Eleanor he once knew. When Eleanor enters the marriage mart she already knows exactly what she's looking for: someone who will love her more than she loves him. After watching her parents' marriage she's seen the power her father wields over her mother, who is worshipfully in love with him. Eleanor wants the jewels, the silks, the dresses, and she absolutely does not want to lose her heart. The man she's looking for is kind, indulgent and will never threaten her emotional happiness. He's certainly nothing like her brother's rather rakish and dangerously handsome friend Lord Hyde, even if the man does make her feel strange yearnings that she's never experienced before. Unfortunately her father has little trust in his daughter's supposed reformation, especially after her behavior at her come-out ball when he sees the men she's chosen to attract - and her tactics for doing so. Sure that Eleanor is on the way towards ruining her reputation as well as the family's, especially if she manages to snare a man without the gumption to combat her willful ways, her father marries her off to the overbearing and far-to-attractive Lord Hyde within the first week of her Season. Never at a loss for long, Eleanor soon comes up with a plan that will make her a constant thorn in her husband's side until he's all too happy to allow her to live separately from him and manage her own life. Unfortunately for her, Edwin is just as determined to see his spoiled bride tamed and she finds his methods of discipline as disturbingly arousing as they are painful, but Eleanor has never been one to back down easily. Romance, punishment and pleasure abound as husband and wife test the limits of their new relationship and fight to determine what their future will be. This book contains graphic depictions of hot sex, consensual and nonconsensual spankings

and birchings, and Victorian domestic discipline. If any of these things are offensive to you it is suggested that you do not download this book. *Birching His Bride* is approximately 52,000 words.

Customer Reviews

After watching his best friend's sister, Eleanor, birched for disobeying his father, Edwin knew that this spitfire had to be his. The day after her coming out ball, Eleanor's father propositioned to have Edwin marry his only daughter. He knew she needed a firm hand to keep her in line, even in marriage, and Edwin was the perfect one to deliver this (ensuring his daughter was well shaped as a woman and not manipulative of her soon to be husband). Following a very rushed wedding, the couple is separated the next day, for Edwin to take care of his own work affairs. Being the spoiled brat she is, Eleanor goes out and spends an exorbitant amount of money to get back at Edwin for being left alone the day after their wedding day. Issuing a spanking over his knees, with 20 hits, Edwin is hooked. Scared of falling in love with Edwin, Eleanor does her best to get him to be rid of her, sending her off to live with family or a friend (to do as she pleases), as her mother has been.

Through her conniving plans, Eleanor receives quite a few sessions of discipline from the scrumptious Edwin. Even through the spankings and birchings received, Eleanor finds she is extremely turned on, and each bout turns into something delicious. The arousal in both of them through the domestic discipline issued sets the book up nicely, ensuring the reader for a delightful ride. Ending on a cliffhanger usually frustrates me. In this case, however, it motivates me to jump on the next in the series to find out what happens.

Guilty Pleasures Review by Rosalie Belle

I really enjoy this book. It is set in Victorian times, when husbands disciplined their wife over their knee. Eleanor is Edward's best friend's younger sister. Edward sees his future wife receiving a birching from her father and that's it. Eleanor is a brat, who has had many years of doing what she wants. Now she wants out of the strict disciplined household of her father. She hopes to find a push-over husband that will give her everything she wants. Surprise ... her father marries her off to Edward and Eleanor is not happy to find out that he also runs a disciplined household. The story then tells the tale of how Edward teaches his wife to follow his rules, while enjoying the punishments he must give her. What I liked best was the affection the characters had for each other and the messes Eleanor found herself in. This is a very erotic book with many sex scenes. I can't wait for the next one.

This story was really good and very hot. Especially the second half. Once Eleanor decided she would try and make her marriage work the story became very interesting. Edwin's and Eleanor's relationship has great intensity and the love scenes are explosive! The problem with this story is there is no conclusion! It leaves you hanging. There is no warning of this in the book description. I really dislike when authors do this-especially when you are not prepared for it. Based upon this book I would defiantly have bought the next book in this series. When I am left hanging it just makes me mad! I want a conclusion with my story please!

I'm a fan of the author on another website that she writes on, and I did very much enjoy this book. However, I was expecting a BOOK, with a concrete ending that is more traditional. I like the idea of a series about 3 men with erotic proclivities, but Edwin and Eleanor's story should have had more of a conclusion before beginning the next book with Hugh's story. They could then feature as a background plot in the next one. I feel that each couple should have their own book to explore their relationships rather than having to split the spotlight between them. Victorian erotica is lacking in representation, but I still think some adjustments by the writer need to be made in format. She isn't

publishing chapter by chapter on a website, when a reader chooses a book, they are expecting some type of resolution, reading a book shouldn't leave the reader unsatisfied. I can't help but be disappointed that I will have to wait(should I stay interested)another 4 months to the ending of the book.

I just want to start off by saying that this book has a great take on Victorian times. The author has once again written a book that I feel like I'm going to go insane if I don't finish reading it as soon as possible. That is of course another way of saying that I didn't want to put it down. At all. The characters behave so naturally together as well, which can be extremely difficult. And the ending? Oh wow the ending. As a note to the author, please write the next book as soon as you can.

All new characters, all new stories, same amazing Angel.This book opens up a new world for readers, one that angel has never explored before. A great read with the right amount of romance and erotica that has you panting and an ending that will make you beg for more.

i liked it

Very good story until you get to the ending, which is no ending at all. Got me a little ticked off because I stayed up all night reading this just to come to a dead end. Other than that, Bravo!!!!
