My mistake...Saw the name NINJA and didn't know they had so many different types. I have a NINJA pofessional but I guess I can use some of the recipes in the BLENDER book. Ninja juicer...Ninja professional...Ninja ultra...Ninja this..Ninja that....make sure you have the right book for the right Ninja.

Ninja Blender Recipe Bible has been a great book on recipes I can use in my beloved Ninja. I found the dessert section appealing with the Coffee Ice Cream and canÃƒÃ¢â¬Ãâ¢t wait to try it. Overall, I can say that this book has a lot of good recipes you should check out.

I was very fascinated with the Magic Bullet and how great the recipes tasted, I looked up all the books by this author. This time I focused on the soup recipes. I love to make soup and freeze it for the winter months. I tried several of the recipes at one time. The soups turned out great. They were very savory and the ingredients are easy to find. I can't wait to try the salad recipes. P. Selt has done it again. Great Job!

44 pages of recipes I'll never make like Coffee Ice Cream, Apple Ginger Sherbet, Grape Raisin Pie or Cocoroons. Sure, it has a few decent recipes, but it's not worth 9.99 in my opinion. There are way better blender books out there.

I usually read the reviews but I must have missed the one mentioning how terribly small and thin this recipe book was. I bought it for a friend and was embarrassed to give it to her. I didn't even wrap it because I couldn't consider it a gift. Disappointing. Buy the Bob Warden recipe book instead.

I bought this for my future sister in law when she was in town for the holidays. It was supposed to be a nice little gift for her to open since her new ninja blender was being sent to her house and I wanted her to have something still under the tree. Nice, cheap "thinking of you" gift.

What a ripoff!!! I paid \$9.99 for what is a little booklet that is basically worthless. The recipes aren't even appetizing. The worst \$10.00 I've ever spent! I can't even send it back because it is what it

said it was; a recipe book with 50 recipes. Don't waste your money...

I was expecting to get a real book and instead I receive a small short pamphlet with recipes from the internet. Even the paper and printing was cheap and disappointing. NOT worth the money. Definitely a return.
