A good and interesting read- Some outstanding character development- Very well edited without a lot of typos which is always appreciated- I did find in the beginning there is a reference to a bird cage that had a mirror in it for the bird which wasn't consistent with time period/era, which put me off for some reason- The doctor who had the pet could've very well knew the benefits and customized the cage but again just off- (No I have never had a pet bird)- I must say that this has nothing to do with the story so with a grain of salt please- It was my first read by the author and would be open to reading more- Definitely could be defined as a stand alone which I always look for that information in regards with a series in reviews-

This book was a fun read! It seems a little bit confusing as you are introduced to the different characters and the unusual plot and setting, but before long, you find yourself wanting answers. You will get them in the end, but not until you've been taken on a ride unlike any other. The setting and main character's personality and quirks see to that.

1st time reading Cantrell by herself. Know her from the Blood Gospel series with James Rollins. Interesting premise. Always good to have a dog. Only way this plot would work is for the hero to be rich. No one believes poor people. Overall an enjoyable read

Every time a critical piece of the puzzle confronts the continuation of the plot, it seems to resolve

itself with little or no effort. After numerous moments like this I found myself hesitating about finishing the tale. I think because the plot was intriguing I did finally finish, but with much disappointment.

A very realistic, contemporary novel! Very, very hard to put down! Likeable characters, great plot, stories interwoven expertly! No foul language or sex scenes. Looking forward to more!

The plot at first seemed unrealistic, but as I read on the story line was far beyond what I could have imagined. Can't wait to read the next book in the series!!

Very enjoyable read and love the two main characters - Joe and Edison (the dog). Actually any book that stars a dog is going to grab my attention and I'll give it a shot and this one just happened to be extremely good.

This was an excellent job of entertaining story telling. From the beginning to the end your attention and interest is held and putting down the book was next to impossible. Excellent.
