Edward Gorey's Dracula: A Toy Theatre: Die Cut, Scored And Perforated Foldups And Foldouts

Synopsis

Bram Stoker's 1897 novel took place in the wild Carpathian Mountains, London and rural England, and various places in between. But the Dracula for which Edward Gorey created the set designs reproduced in miniature here--a version that ran to nearly a thousand Broadway performances--compresses the action to one locale: the sanatorium of Dr. Seward, near the town of Purley, somewhere in the English countryside. Based on Edward Gorey's set and costume designs for his award-winning Broadway production of Dracula, these die-cut, scored, and perforated foldups and foldouts include: 3 pop-up 16 x 12 inch stage sets; cast of 8 (15 figures in all); stage furniture; and a 4-page booklet with exceptionally simple assembly instructions, a synopsis of Gorey's Broadway adaptation of Dracula, and notes on Edward Gorey (1925-2000) and his many magical creations. Cigar-box style packaging, approximately 8 1/2 X 12 1/2 X 1 inches

Creator of more than one hundred works, Edward Gorey (1925-2000) was also a playwright, an award-winning set and costume designer, and the creator of the animated introduction to the PBS series *Mystery!*

Not perfect but probably in much better shape that it would be if I'd had it since it was new!

Loved this book/decoration. It brought back memories of seeing the play on Broadway when I was young, Arrived in perfect condition.

A necessary piece of Gorey!!!

I bought this as a gift for my husband who is a huge Gorey fan. He loved all the detail. Everything is great looking and well thought out. If you watch the silent film, Nosferatu, you'll note similarities between Gorey's design and the set.

This is a lovely Toy Theatre. It was a bit smaller than I thought it would be, but my kids like it very much. They have it set up in the living room for all to see. There are many small characters that can be set in a couple of scenes for the young dramatist to "act out" Dracula.

A must for any Edward Gorey fan. Easy to assemble well presented and nicely printed this toy theatre is a great representation of Gorey's design for the 1977 revival of "Dracula".

I don't think I know anybody who would not be tickled to receive this as a gift, it's so beautiful and whimsical. After 'playing' with mine the day it came, I have the sets and people on display up on my desk hutch. Love it.

I sent this as a gift to a fellow Gorey fan, and he adores it. It has a full paper-doll style theatre set to put together. It's the perfect gift for the goth in your life.
