Customer Reviews

"At its best, the blues is pure emotion, honest and simple," says Norberg, who took these powerful portraits over a 12-year period. The same honesty and simplicity is present in his work -- from the gnarled hands of octogenarian pianist Pinetop Perkins to the playful smiles on the faces of Saffire, the trio who calls themselves "the Uppity Blues Women." Serenity radiates from B.B. King and harmonica ace Snooky Pryor like heat from a wood-burning stove on a frosty winter morning, in images that mark a near-perfect marriage between blues and photography.

I knew Mark from way back and actually saw the show that followed the book. Man with a good eye and a clear vision. Was able to get the book at a good price so I'm happy!

I'm reminded of this great book by the recent passing of BB King. We've lost so many of the unique originals photographed in this incredible collection. Grab a copy of the book before it too disappears.

For 12 years, Marc poured his soul into this effort -- creating B&W portraits of the just-surviving and

just-arriving blues greats. His objective was to support Willie Dixon's Blues Heaven Foundation, which, at the time, had the objective of supporting blues musicians who had not received their due, even though they had paid their dues. Yes, I'm biased toward my bro', but who can blame me? These photographs are stunning.
