Customer Reviews

Bought these for my 9-yr old daughter's Chinese class and they were almost 1/2 the price of those offered by the school. The quality of the paper and book are much sturdier than the others. I would definitely buy these type of learning materials on again. Great value!

Cover is dirty, it is not worth for the price.

I am very happy with my book. Very prompt and in good condition! I look forward to doing business in the near future.
