## Synopsis

Break a promise. Save a life. Jessie Tacket second-guesses her new adoption by Detective Victoria Tacket. Jessie believes the rogue general hunting her plans to recapture his prized teen assassin and force her to work for him again. He'll kill anyone who gets in his way, including the detective. When Jessie crosses paths with Russian thugs who may have ties to the general, she fears her location in Golden City, New York has leaked. Though she promised Vick she wouldn't run away, lives could be in danger if she stays. Keep a promise. Lose a life. Detective Vick Tacket is determined to shield her new dependent from Russian criminals and anyone else who threatens the teen. However, protecting Jessie's murky past and genetic-enhancement secrets may be impossible as tensions rise during the confrontation with the Russians. Vick and Jessie clash over how to keep Jessie's secrets hidden and avoid the general's radar. With the fledgling adoption off to a rocky start, Jessie and Vick must work together or be ripped apart.

## Customer Reviews

Tangled by Emma CarrollThe Tacket Secret Series Book TwoJessie Tacket may have a new guardian and a new name, but her old life is still out there. Haunting her, chasing her, maybe even catching up to her. She cannot let her guard down for one second. She also has to protect Vick. Even as the woman feels she is the one who has the protector's role.Detective Victoria Tacket is finding out more about her new ward. And yet, not near enough. She has skills no fourteen-year-old should even know about. Vick is determined to be the one to set the ground rules. To be a parent, even if that's the hardest job she might ever face.Jessie is an unusual young girl with a scary past. In the previous book her name was Emily, but for her protection she has to change her name. Looking forward to the next novellas that are part of this ongoing story.

Jessie and her Guardian, Victoria, are learning to trust each other in the 2nd installment of this series. Vic has her hands full with 14 yo Jessie's who can be sassy and untrusting as she tries to adjust to her new adoption. Yet, she's striving to do the right thing, sharing her faith when she can, while keeping everyone safe from a past enemy who could show up at any time. Her enhancements lend a lot of fun as she butts heads with bad and good guys alike. By the end you'll be begging to know more . . . I received a free copy of this book for my fair and honest review.

With all the action of the first book, Tangled is a solid second installment in this action/sci-fi series. I'll be sure to return to visit the characters again, as well as to (hopefully!) get the answers I've been waiting for regarding some secrets! I'd recommend this series to teens and up who enjoy action-filled stories with some sci-fi and a splash of faith.Like Christian sci-fi, fantasy, and other speculative genres?
