They said "comprehensive" in the ad, several times. It does not have the answer key. But you can get it on line for "free" if you give them your credit card number. Do Not Buy!!Also, there are

questions to things they haven't taught and unusual exceptions to various rules. You need a teacher familiar with this book to use it.

This is an excellent intermediate German workbook. It covers all the necessary aspects of the grammar, and it provides clear explanations. It should be used in combination with the answer key. Some might consider its approach to be old fashioned; however, I consider it essential. It is impossible for the adult learner to intuit the grammar of German as a child does -- a practice so often adopted in proficiency textbooks. Learning the grammar, in reality, provides the student with a shortcut. And this book does an excellent job of that!

Best comprehensive resource for HS or university students and teachers alike. It provides clear explanations, examples and opportunities for practice.

I was unsure about purchasing a used language work book, but this one came in perfect condition, never used by a student. Pages were yellowed somewhat, showing its true age. I am very happy with the book quality and service too. Thank you!

Arrived quickly but it is a workbook that has so much inside writing that it won't be usable for my son's class. I don't think this book should have been resold. Cost almost as much to ship back as I paid for it, so I will keep it as a backup copy.

written by my 1970-71 high school teacher Harry F Reinert-great guy. Wish I had kept in touch, but I am very thankful for his teaching of German, composition, philosophy and Greek. Made my life better!
