Lorena Siminovich was born in Buenos Aires and now calls San Francisco her home. She has written and illustrated a number of children's books, including the bestselling *In My* series. She is also the creator of Petit Collage, a line of modern wall dÃ©cor and accessories.

Our little 8month old has been loving these books since about 5 months. She loves the turn the pages herself and the size and layout is great for that. As a parent, there are so many infant books out there that are struggle to read so often. However these books are very sweet and attractively illustrated so they don't get old as quickly & provide various animals & colors to talk and learn about

The art is beautiful, but the book is not pleasant to hold. Trying to flip the pages is difficult and seems unnecessary for the story. I guess a child can match the baby with its mom, but I just thought

it was floppy and didn't seem to amuse the 1, 2, 4, or 5 year old children who each took a look at it.

Love it

Such a sweet book. Great shower gift for a woodland themed baby shower.

Cute book, but hard to read to a little one as the child cut-out flops open as you try to read. Better for a toddler who can open the small part with you. But very, very cute.

Lovely book. Great price. And the best part: Even though I ordered it rather late, it arrived in plenty of time for the baby shower!

Very cute book

I have most of the books in this series but I especially like this one. Very cute.
