Customer Reviews

Minecraft Building Ideas is a great book for those of us who are into mine craft. My sister is actually into the game and this book is really helping her out with doing some more creative stuff with it. I highly recommend.

This is a pretty basic builders guide. I enjoyed it. It may need to be edited for spelling and grammar at some point.

The pictures are in black and white and hard to see. Not worth the money

This book has an author that really knows how to build in Minecraft! If you need help building, this is a GREAT book to have.

Awesome. This book is totally very super duper super awesome how to minecraft book! I love this book like I said

I'm a pro, not to boast. I build castles for a living on minecraft. This guy is skipping steps all over the place. The designs are nice, but the directions are horrible. DO NOT GET THIS UNLESS YOU WANT TO EDIT EVERY THREE TO FIVE MINUTES

Good job! This was a very helpful book for me, I built a castle. It turned out great! Good job.
