Customer Reviews

Acting on the assumption that there's always room for one more?a slogan credited to sardine packers?the Sterlings have put together what appears to be their sixth book of selections from Will Rogers's sayings. It's a ships-shoes-sealing wax affair in which everything is arranged alphabetically by topic?bankers, Democrats, fashions, Indians, taxes, etc. A brief biographical note introduces the quotes and the man. There isn't much, really, to say about Rogers's oeuvre at this late date. He belongs to the ages. His name stands impregably for dry wit, homespun humor, and the power to see the world as a magnificent farce, without glamour and without bitterness. With all due respect for the labor of love performed by the Sterlings, it is doubtful that many libraries need this book.?A.J. Anderson, GSLIS, Simmons Coll., BostonCopyright 1995 Reed Business Information, Inc. --This text refers to an out of print or unavailable edition of this title.

Will Rogers Speaks is an encyclopedic compendium of quotes from Accidents to Zeigfeld, which range from stoically satirical to gut-splittingly original. The over 1,000 quotes from America's best-loved humorist address subjects as diverse as Democrats and Republicans, Gun Control, Education, Revolution, Taxes, Intolerance, Congress, and the Presidency. From touring rope act to vaudeville, Zeigfeld to the movies, after-dinner speaker to lecture circuit, Will Rogers captured the

imagination of all he encountered. His daily newspaper pieces were syndicated, delighting 40 million readers - at a time when the entire population of the U.S. was 120 million. They were the first thing read over morning coffee, whether in the White House or in White Sulphur Springs, West Virginia. In 1930, Rogers began a series of Sunday radio broadcasts and immediately became radio's most popular commentator. On August 15, 1935, he died in a plane crash near Barrow, Alaska, with famed aviator Wiley Post. Of the sources of the most frequently used quotations in today's speeches and writings, Will Rogers' material is firmly secured in the number three position, topped only by the Bible and Shakespeare.

Just what I wanted - very good condition also

THIS WAS THE BOOK I HAVE BEEN LOOKING FOR, FOR A LONG TIME. I CAN USE IT IN SO MANY WAY INCLUDING PUBLIC SPEAKING, PARTIES AND JOKES WITH CO-WORKERS AND CLIENTS. THANKS, BOB P.S. ITS ALSO A GOOD READ.

His genius hasn't been replicated. His reflections of truth are still priceless. It's a thick book, but can be easily read in sprints.

Just fine.

Great to know another intelligent, witty person of ages past

great book.

My father , of blessed memory had a great affection for Will Rogers. He always used to quote the famous , " I never met a man I didn't like". I think it was Rogers plain commonsense humor, a certain honesty and telling the truth as he saw it, which impressed my father. And perhaps also the Rogers ability to deflate great pretensions and poke quiet fun at those in power. He tells us that if companies gave us much money to developing their products as to advertising them then they wouldn't have to advertise them. He points out one very large group of unemployed people is the ' advice- givers'. He wryly remarks about the difference between agriculture in the old days when they paid you to grow things, and agriculture now when they pay you not to.He was a much beloved America, a man of the people who seemed a living embodiment of the American faith that the small

man who came from a small place could really be the biggest man of all.
