The Monster Book Of Manga Steampunk

Synopsis

Enter an alternative world ruled by steam-powered machinery, Victorian elegance, and futuristic technology by creating your own elaborate manga characters in Steampunk, the latest volume in the bestselling Monster Book of Manga series. This easy-to-follow guidebook brings to life more than thirty avant-garde manga characters fit for a steampunk universe where fantasy, science, and history collide. Through advanced illustration techniques and step-by-step instructions, you'll learn how to easily transform rough sketches into intricately inked graphics, all adorned in clockwork motifs, rich colors, and Space Age attire. Characters include pirates, sci-fi soldiers, industrial aviators, witches, time travelers, robots, and vampires. Whether you're a novice or a skilled artist, The Monster Book of Manga: Steampunk is the definitive guide to creating your very own collection of steampunk manga characters.

Customer Reviews

1.) visually this has to be the worst piece of crap to ever be published. 2.) There is not a single shred of educational material in this book. 3.) Another example of a company riding the coat tails of previous success by pumping out garbage just to make a quick buck.

This is a horrible example for a few reasons; The art is all really flat, the artist obviously does not understand steampunk at all, I hate the book. As an artist myself, I urge others to avoid this particular issue of the big book of manga

great book

Its good. But not what I expected

Lots of awkward poses, odd proportions, and art is generally blocky and not very aesthetically pleasing at all. Half of the characters in this book look like their limbs are horribly deformed or they are about to fall over. Shading looks half-done, and overuse of cheap decals in the coloring. Even in the base drawing stages, many of the characters have strangely scrunched or twisted spines, which results in the final product looking squished and disproportionate. Facial expressions are also very blocky and look odd on the characters' faces. If you want to draw steampunk characters and scenes, save your money and try some of the free tutorials online, because the art in this book is amateurish at best.

This looks exactly like the 'Gothic' drawing book, which was a total atrocity and it has the nerve to charge \$20 for what I would say is showing how things are drawn incorrectly. Don't buy this book if you want to learn how to draw. There are plenty of others that are drawn well, give detailed instructions and don't try to cash in on the latest fad with embarrassingly low quality.
