Yana Toboso is the creator of the wildly popular series BLACK BUTLER which is currently serialized in Square Enix's magazine MONTHLY GFantasy. Her previous work was a single volume entitled RUST BLASTER.

Wife loves the manga, I just watched the TV series so have some catching up to do.

The Stars Say It All.

I've been following the manga since the Noah's ark circus arc and have to say I enjoyed this act as well this volume concludes 'the Weston collage arc' and begins 'the green witch arc' this arc ends in a very shocking twist that's all I'll say so I won't spoil it for you, there's also a in-between chapter

about Ciel and Sebastian dealing with characters from a previous arc which is hilarious and as usual the artwork is great. Overall I recommend this volume to fans of the series.

This book is a wonderful continuation of the story and has unpredictable plot twists that keep the reader on the edge of their seat wondering what awaits around every corner. It is a wonderful continuation of the series, that keeps readers begging for more!

Thank you!

This is one of the best series out there and it just keeps getting better. A great tie up of the college arc and the start of an intriguing new arc that involves a cursed forest and gets the werewolves.

Awesome!!!

Good condition.

Thanks!
