#82 inÂ Â Kindle Store > Kindle eBooks > Arts & Photography > Graphic Design > Cartooning

#154 inÂ Â Books > Arts & Photography > Drawing > Cartooning > Manga

## Customer Reviews

This is an excellent set of books for those who want to learn to Anime drawing. These books contain excellent examples that will be of great help to you. You will easily learn to draw different facial expressions, as well as different positions of body. Well done, it is recommended!

If you're learning to draw manga, please find a different set of instructional books. While the step to step might be somewhat helpful, the examples are atrocious, unbalanced, and aren't teaching very good techniques for someone who is starting out. In fact, what I saw was a How To Guide on everything you shouldn't be doing as far as learning to draw. No wonder these are offered for free for Kindle Unlimited members. Don't waste \$7.99 and find something that might a little more expensive but far more worth it. I suggest finding copies of the original "How to Draw Manga" books like these: Techniques for Drawing Female Manga Characters (v. 20) How to Draw Manga: Male Characters How to Draw Manga: Bodies & Anatomy They'll serve you better and you'll get so much more out of them, plus the art you'll be learning from is definitely higher quality. I would also suggest not bothering with any "How to Draw" books by Christopher Hart as well, the quality of art on the covers is extremely deceiving and isn't the same quality of art on the inside that you'll actually be learning from.
