Marvelous Cornelius: Hurricane Katrina And The Spirit Of New Orleans

Synopsis

In New Orleans, there lived a man who saw the streets as his calling, and he swept them clean. He danced up one avenue and down another and everyone danced along. The old ladies whistled and whirled. The old men hooted and hollered. The barbers, bead twirlers, and beignet bakers bounded behind that one-man parade. But then came the rising Mississippi and a storm greater than anyone had seen before. In this heartwarming book about a real garbage man, Phil Bildner and John Parra tell the inspiring story of a humble man and the heroic difference he made in the aftermath of Hurricane Katrina.

K-Gr 2 "A modern-day folktale about Cornelius Washington, a real-life figure who was a dynamic street sweeper in New Orleans. The working man, aka Marvelous Cornelius, can be seen doing fun tricks and flips while sweeping the streets of the Quarter. When Hurricane Katrina hits the city, Cornelius is overwhelmed by the cleanup, but volunteers come from everywhere to help. He soon finds his NOLA spirit and begins cleaning again in the aftermath of the great storm. Parra's paintings are modern and fresh, with bright colors paired with repetition of phrases and sounds. Children will enjoy both listening to the story read aloud as well as poring over the beautiful pages to learn about

My son thought that Cornelius--the singing, dancing, and hooting garbage man--looked like a giant on the cover, which I think must have been intentional.I told him that anyone can seem like a giant if you look at them closely enough and it's true. This is a wonderful story about an everyday hero who came to New Orleans' rescue in its darkest hour, just be being himself!

I love stories like this that lift up everyday people who make a positive difference in their corner of the world. Well worth reading.

Based on the life of a friendly, hardworking, energetic, fun-loving man named Cornelius Washington, the story is about a trash collector in the French Quarter and the aftermath of Hurricane Katrina. He did his job well taking pride in keeping streets on his route clean. When Hurricane Katrina devastated New Orleans, the trash pickup became a monumental task. But that didn't stop Cornelius because he was a monumental man. Everyone he greeted on his morning route pitched in, and people came from all over the United States to help. Cornelius rose. He dried his eyes. For his spirit and will were waterproof. Phil Bildner creates a tall tale depicting the life of Cornelius Washington into a modern American folk hero. The art of John Parra is authentic; filled with humanity and emotion. Neither the story nor the art shy away from the pain suffered as a result of the storm. Yet it brilliantly captures that joie de vivre of the people and New Orleans culture. It saddens me to know that Cornelius Washington died at age 48, a few years after the storm, and before the story was written. Many of us who are native New Orleanians have untold stories that include our own personal heroes during that difficult time who showed unbridled courage. And there were those from afar who came to help that showed tremendous kindness. Thanks to Phil Bildner and John Parra we are reminded that they too are Marvelous Cornelius. This is a beautiful book celebrating the human spirit in a modern-day folk hero style. I love that this book shows how a single, humble man who just took pride in his work was able to spread joy in his community. Even in the Katrina aftermath, Cornelius's spirit was still strong and so was the spirit of New Orleans. The text brings to life Cornelius's energy by using lyrical phrases such as "sashayed to the curb" and "clapped the covers like cymbals and twirled the tins like tops". Also be sure to check out the Author's Note where the author explains how he came upon this regional story. The combination of evocative language with bold, colorful folk art style, and the theme of community make this a winning trifecta. One which I hope will keep this book around for a long time.
