Customer Reviews

NATIONAL GEOGRAPHIC KIDS inspires young adventurers to explore the world through award-winning magazines, books, website, apps, games, toys, television series and events and is the only kids brand with a world-class scientific organization at its core. KELLEY MILLER is a writer, photographer, and photo editor, with an appreciation for funny things. She enjoys fostering clowders through her local animal shelter and watching the unique personalities of queens and kittens develop. She envies Ernest Hemingway's home because it has the purr-fect combination of six-toed cats and a pool. Check out more of her work in the pages of National Geographic Kids magazine and the NG KIDS book Funny Fill-in: My Inside the Earth Adventure.

My daughter got this for her birthday and we turned around and bought one for anthers of her

friends. Great for kids who love cats, jokes, or both!

Granddaughter, age 9 and adores cats, drove me nuts in the car reading the jokes to me. They were mostly real groaners and she couldn't wait to inflict them on her parents and friends. Full of cute cat photos, too. And yes, she was well aware they were stupid jokes, but still fun.

This fun book is filled with a huge amount of color photos of all kinds of cats in all kinds of positions of fun and laughter. Besides the adorable jokes and riddles it is accented with cat trivia. It is a perfect gift for my granddaughter who is a big authority on all kinds of cats and loves to have fun too!

Gift for nephewHe loves cats & loved this book

If I liked cat jokes more, maybe this would be a 5 star. It was bought with a cat fanatic in mind for their BD. They enjoyed the book and the cat pics so I rated it 4 stars. :)

My kids LOVE it. Me, not so much. SO tired of listening to the jokes. I guess I am not the target audience.

My daughter, 10 years old, who loves cats thoroughly enjoyed reading this book. She got several giggles over the jokes and also learned some facts she didn't know! Will be buying more from this series!

My Granddaughter LOVES this book and asks to read it with me every visit!!
