Customer Reviews

Rote method of memorization is how what he teaches. The scriptures that he uses are common sensible scriptures that all Christians should know for witnessing. No one can take away what you have memorized, but you do lose memorization by not practicing the scriptures from time to time. Adam teaches that you can witness by simply learning scripture that you have memorized on all

occasions. Great book to read. Like Adam Houge as an overall author for Christian books. Look for his books, you are surely not to be disappointed.

Great information in the bible and great book to read and be able to understand about the life of Christ Jesus whom that can be at our side for any situation.

Awesome makes studying and memorizing simple and useful. Very pleased. Using it with grandkids to study.

I already have 1 of these books, Memorize the Bible! 88 Verses Every Christian Should Know and Understand to Increase Their Faith. I look forward to anything by this author. He leads you right to God, by way of the Bible.

The whole book can be summarized by saying that you can memorize the bible by rote...many have memorized religious books or guides rote. He believes the Holy Spirit will help, which I believe He will. This seems to be a guy who writes books, though, like some women talk...incessantly! I did not find the book very helpful and it could have been made a 2-page article instead of a fluff-filled book about how much he can memorize and has memorized!

Houge explains clearly the recitation method for memorization, and gives many verses one might begin memorizing to continue in one's walk. A good simple read one might use to review scriptures of fundament.

Very good explanation.

it's okay
