I bought a set of these first readers for my daughter's 3rd birthday, but ended up giving her a couple early as she has already started to read by herself when she was 2. These are IDEAL first readers, the text is simple, present tense and clearly printed, very easy to read. They are perfectly designed for children to read on their own and get a sense of accomplishment from the mastery of reading simple phrases that make up the story correctly. I love the Daniel Tiger series, it's so essential for little ones to help them cope with their emotions and interactions with others.

My daughter loves this book. It's great for teaching kids what to expect and how you should behave while eating out.

My toddler simply cannot get enough DT, so I take advantage of this interest and buy all the situational books to read to him and refer to when he might be "acting up."

My 4 year old loves Daniel. She was able to read the whole thing. I helped her with two words. Great book to show kids how to be patient at restaurants. But we just bring the iPad for her n that works.

Cute book, has great ideas for kids to entertain themselves at a restaurant as well!

Great Daniel tiger book for my son who's a huge fan. Just like the episode where they go out to eat. Awesome illustrations and a great buy.

Doesn't talk about manners, just playing which my son needs to stop doing while we wait. Also, no audio.

Great book. Our daughter loved it! She always reads it when she eats.
