Text: Spanish, French (translation)

I've been practicing Spanish for a few months now and decided to purchase this book to enlarge my vocabulary. It was a challenge, but it helped me make a lot of progress. It is also an extremely good story for children. I would recommend this book for anyone looking to practice their Spanish or looking to purchase a book for a child.

This is a must have for any reader. I got this book for the first time when I was 6 years old. It was my mom gift after I started to read. I'm 47 years old now and still read it from time to time, its an amazing book for kids and adults and every single time you read it you'll get something out of it. This was my gift for my niece and will be buying another one soon for my daughter

Bought this because it was a popular book when I was in college -- had two students new to the US and they were still learning English. This book is available in English and Spanish and allowed me to be able to give Spanish versions to two students while I used the English version. It was a great bridge to help us communicate with each other and help the young teens get more comfortable with a new language. Timeless story that adapts to many cultures.

Acabo de recibir este libro y es mentira que no trae las ilustraciones, las trae todas

A Classic. I was in Lyon, France in September where Saint Exupery was born, in a park with a statute of him.El Principito / The little prince (bilingual) (Spanish Edition)

I bought it to improve my Spanish... I'm not disappointed at all... The translation sounds good to me (but I'm French not Hispanic) and my version has great drawings unlike other reviewers' version...

I'm learning Spanish as a second language, so good children's literature is about what I can handle. I found the text delightful, and the translation clear and easy for me. I had forgotten some details of the story and enjoyed reading it again. The big downside is that the kindle version does not have the illustrations, and I think they are a big part of the charm. If it had all the illustrations, I'd give it a 5.

Lo unico que, obvio la version Kindle no tiene imagenes. Por lo demas, excelente libro. Excelente enseñaanza. No wonder it's a best seller!!!
