Objectives, key terms, and examples give students an understanding of medical filing procedures.

Precise and to the point, this book is a valuable reference.

I needed this for college. I like it.

A lot of pages are missing, they were torn out, and I need it for my study and home work.

another great purchase from .com, will definitely continue using this site for all my future purchases on textbooks. Very Happy with .com

Good book! However I caution you buying it used. You need the cards in the book for tests.

Never rec my book and I order it on July 14th .. Mad on this one will never order from terrance tolbert again . never received my refund

This book was really wonderful! Not at all like the usual records management books we had already been through; it was simple and easy to use!

This book was simple and easy to understand the steps on filing. Filing cards were very helpful.
