Dental Public Health And Research: Contemporary Practice For The Dental Hygienist (3rd Edition)

Synopsis

Written to reflect the changing role of the dental hygiene practitioner in the dental care delivery system, this brand new edition of *Dental Public Health and Research 3/e* provides students with the key tools needed to effectively position and practice dental hygiene in the public health setting. This book expands the knowledge base necessary for dental hygiene practitioners in the 21st century. Some new and exciting features of this updated edition include:

- The chapter on dental care funding is expanded to focus on the current issues in dental care financing and the government's role in this area.
- A chapter on the importance of collaboration in dental care, building coalitions to help advocate for the oral health of all people and an introductory discussion on grant writing are included.
- The chapter on cultural diversity follows the chapter on target populations.
- The research unit is greatly expanded to provide detailed information on the study of dental hygiene research.
- Areas of expansion include evidenced-based research, ethics in research, roles of government and private entities in dental research, oral epidemiology, and the measurement of oral diseases and conditions.
- Did you Know? boxes serve as a mental break for readers by providing interesting "gee whiz" information.

This book is a perfect resource for dental hygiene practitioners.

"Did you Know?" boxes serve as a mental break for readers by providing interesting "gee whiz" information. This book is a perfect resource for dental hygiene practitioners.

A must need for school and it arrived in time.

This is a good book for beginners like me in community health programs. It has the basics and it's easy to understand. Though I have not gone through the entire book, I think it is a good book.

The book has some wear and tear but not bad for the price.

Very dry and not easy to follow.

great

My kid loved it. This is required for her schooling, and she is already pouring over the chapters getting ready for the next semester.

great product and fast delivery!!

Very great arrived on time
