great for 2 and 3 year olds.

Adorable books for preschool age kids have little foam puzzle pieces they can easily pop out and in. I recently bought these for my church nursery class for Christmas and also have a set for my grandkids. The colorful illustrations are perfect.

These delightful foam books have interactive pieces and are perfect for quiet time. The artwork is colorful and the removable pieces have fun shapes that children will enjoy playing with again and again. These books are a great value for the amount of play factor. I would highly recommend these books!
