McGraw-Hill's Postal Exams 473/473C (No. 473/473c)

Synopsis

The comprehensive postal test-prep guide that delivers through rain, sleet, and snow Now that the U.S. Postal Service has replaced its obsolete 470 test with the updated and more difficult 473 and 473C hiring exams, you need this book more than ever if you want to qualify for employment. It's packed with timed, skill-building drills to help you answer questions faster and more accurately.

Customer Reviews

Beat the competition--and get the job you want with the U.S. Postal Service! Jobs with the U.S. Postal Service offer good pay, great benefits, and excellent security. But the new 473 and 473-C screening exams are tough, and you must score high if you want to get hired. That's why you need McGraw-Hill's Postal Exams 473/473-C-the total test-prep guide for entry-level USPS jobs. Postal exams 473 and 473-C test your skills in these categories: Address Checking, Forms Completion, and Coding and Memory. Speed and accuracy are all-important, so you need lots of practice with questions just like the ones on the real exam-and that's exactly what you'll find in this guide. The sample tests in this book will help you work faster and better on test day. You'll build the skills you need to beat the competition--and get the postal job you want. McGraw-Hill's Postal Exams 473/473-C includes: 7 full-length practice exams based on the real 473 and 473-C postal tests Hundreds of practice questions just like the ones on the real test Valuable information on physical

and other requirements for entry-level jobs PLUS: The latest information on postal careers, hiring procedures, benefits, and salary

Mark Alan Stewart is the author of more than 20 bestselling test-prep guides.

Very helpful.....Passed the postal exam on the first try.

This item was literally meant to train you in how to take the actual test, instead of simply providing you with strategies and letting you loose on some practice exams. Each section was broken into several build-up practices to train your brain into thinking a certain way in order to make the actual tests easier to understand and respond to. I only wish there were more build-up practice exercises, really, as you can definitely see results in the way you approach each section after working the exercises. The book also includes brief overviews of strategies for each section and detailed descriptions of your instructions for each portion of the tests and whether or not a section is scored, as well as notes as to which sections of the test are safe to 'guess' on, and which will penalize you for wrong answers. Overall, an excellent guide, and I would recommend it in an instant.

wonderful

Lots of great tips

Good

Just what I needed.

Helps alot

As expected!
