Customer Reviews

I've never been disappointed by a Taste of Home cookbook yet...and this one is no exception. I've been on the hunt for a decent slow cooker cookbook and this one is terrific! It's broken into the four seasons, with appetizers, side dishes, main courses, soups/sandwich fixings, and desserts for each season. There are recipes for all sizes of slow cookers, from 3 quart up to 6 quart, while some of the recipes are pretty simple (with only a few ingredients), while others require a bit more time and work. There are also a lot of full color, wonderful pictures. If I was going to give someone a slow cooker as a gift, this is the cookbook I'd include with it, hands down!

I always love Taste of Home cookbooks. I also love slow cooker recipes, so this is a perfect combination. I have already used a few of the recipes and they have turned out very tasty.

I love Taste of Home and love their recipes. So when I got a new crock pot I thought I would get it. I use it regularly every month. I love the way it is broken down by the seasons.

This was a gift for my daughter-in-law and she has used it and likes it very much.

liked item, fast ship

A great book for slow cooker meals. It is separated into sections by season, so it is easy to pick out something good to make anytime of the year!

I liked the book, but I was a little disappointed because I was looking more for recipes that were just a dump in the crockpot without cooking anything on the stove first. Still liked the book.

good book.
