Customer Reviews

Scott Demeter teaches in North Jersey. His major areas of educational focus include honors level and advanced placement programs in the areas of American History, World History, and United States Government.

Just so people buying this book know: The questions in this book are NOT in the style of the NEW AP US History Exam. They work great for reviewing the content of the course but if you are looking for a book that will mirror the updated exam this will not do that. It does have some MC questions.

that have a stimulus, which the book calls DBQ's, but even they (while still good info) are not representative of the new test. The book also includes some short answer questions whose content is good, but again they do not represent the new SAQ's from the 2015 update. I still think it's a handy book for content review and practice, but not for the test itself.

Great help for my class. It is nice to have real AP questions and not ones like in class. Great study tool.

This is a good book for preparing for the AP exam. Hopefully my son will get a 5 in his AP test.

Not up-to-date. Questions are way too detailed and will not show up on the actual exam.

I already feel smarter

This is a must for all AP History Hopefuls. Very detailed, very well organized. Even if you aren't studying for the AP test, heck even if you are not a student, it is a very interesting look at U.S. History. Love it!
