The Maroonbook: The University Of Chicago Manual Of Legal Citation

Synopsis

For more than twenty years, the editors of The University of Chicago Law Review have offered a simple, clear, and efficient system of legal citation and referencing for use by lawyers, students, and judges. The Maroonbook, as it is commonly called, provides an alternative to cumbersome and detailed methods of legal citation and produces consistent, straightforward results in books, law journals, briefs, and judicial opinions. The Maroonbook is now presented in a convenient and quality eBook format for use as a handy, searchable reference book. The digital edition is properly formatted and features an extensive, active Table of Contents, as well as the full appendices of the print edition.

Customer Reviews

The Maroon Book, is a great help, in learning Citation the proper way. The way it is written is very demonstrative and helpful. The book should aid me in the proper way to write and cite my school work. Thank you for adding this book to my digital law library. It is something that every student should have to learn how to cite.

...overly complex for the sake of complexity. If you can use an alternate citation form, I would advise doing so. I like vendor neutral cites myself. The Maroon book and ALWD are easier to use and simpler. Why get bogged down in sum over substance??? Yes, certain courts and situations demand Blue Book cites, but, if you can get away from them, all the better.

The Maroonbook: The University of Chicago Manual of Legal Citation is ok. I am still trying to figure out how to use it as it is not an easy read.

The Maroonbook is the most awesome piece of literature ever produced this side of the Iliad! I hope it never gets voted away! [...]

The Maroonbook is far better. It is simpler and cleaner (less punctuation) in keeping with Chicago style in general. It also doesn't line the pockets of Harvard Law School, which has more than enough money.
