Customer Reviews

This book is such a cute book!!! My kids enjoyed it being read to them each night.

My son was interested in Squanto. This book told his story.

Both of my children (2nd and 4th grade) have enjoyed this title. My daughter zipped right through it and really enjoyed it. The story was written in an engaging fashion, and the children are able to retell even the small details. Purchased as part of the Mother of Divine Grace curriculum.

Good book and a great addition to our US History curriculum.

This was more than I expected and my students loved it!

I love this little book and it can be easily read by a second grader. Is it totally factual? Of course not,

Squanto is talking in the book. It does, however, give a young child a picture of Squanto's life.

Ordered for homeschooled grandsons.

Great story for my kid.
